

A close-up photograph of a Bagatelle Barberry plant. The plant features dense, mounded growth with numerous small, rounded leaves in shades of coppery red, pink, and purple. The leaves are arranged in clusters along the stems. The background is slightly blurred, showing more of the plant and some green foliage.

# Bagatelle Barberry

- Mounded Plants With Coppery Red Leaves
- Branched Stems With Thorns
- Somewhat Slow Growing
- Growth: 1-1.5 FT. TALL AND 1-3 FT. WIDE
