

Obsession Nandina

A close-up photograph of an Obsession Nandina shrub. The plant features dense, upright growth with a mix of vibrant red and deep green leaves. The red leaves are prominent in the foreground, while the green leaves are visible in the background and lower parts of the shrub. The overall appearance is that of a well-maintained, colorful garden shrub.

- **Evergreen Shrub With Upright, Compact Growth Habit**
- **Red New Growth Changes to Deep Green With Maturity**
- **Richer Red Color than Ordinary Nandina**
- **Growth: 3-4 Ft. Tall and 3-4 Ft. Wide**
