

A close-up photograph of the Blue Shadow Fothergilla plant, showing its characteristic blue-green, leathery leaves. The leaves are oval-shaped with slightly wavy margins and are arranged in clusters along the stems. The background is a soft-focus view of more of the same plant, creating a sense of depth.

Blue Shadow Fothergilla

- **Bottle Brush Blooms Appear in April-May**
- **Blooms White**
- **Leathery-Powder Blue Leaves turn Red in Fall**
- **GROWTH: 4-6 FT. TALL AND 4-6 FT. WIDE**
