

Cityline Berlin Hydrangea

A close-up photograph of a Cityline Berlin Hydrangea flower cluster. The flowers are in various stages of bloom, showing a mix of vibrant pink, pale yellow, and light green hues. The petals are large and layered, typical of hydrangeas. The background consists of dark green, serrated leaves with prominent veins.

- **Maintenance free Plant**
- **Pink Color Flowers Change to Green With Maturity**
- **Mildew Resistant**
- **GROWTH: 2-3 FT. TALL AND 2-3 FT. WIDE**
