

A close-up photograph of a branch from a White Oak tree. The branch features several large, green, lobed leaves with prominent veins. Interspersed among the leaves are several green, unopened acorns with their characteristic scaly caps. The background is dark, making the green foliage stand out.

# White Oak

- **Rounded Growth Habit**
- **Green Leaves in Summer and Wine Color in Fall**
- **Leaves are Oblong**
- **GROWTH: 50 FT. TALL AND 50 FT. WIDE**
